The Community Of Pos Chiquito Upset

The community of Pos Chiquito was in shock when they found that some persons was build a pier north of Mangel Halto, not only the pier but the destruction to the nature to get this pier done. There are few nature lovers on Aruba, and growing that are fighting against those that don't respect nature.

This habitat is home for so much endangered wild life. The government has introduced a new law were any construction that is planning to be constructed, has to go trough the government for them to make sure that in that requested construction area does not have that of our listed endangered species to get approval.

200 Kids Got A San Nicolas Mural Tour

Pupils of the Sint Paulusschool that did the Aruba Mural Tour in the Promenade of San Nicolaas. They all enjoyed the Tour, right there in their home town San Nicolas. 200 pupils took part in the Tour, offered by Pure Aruba Foundation/Artisa. The amount was divided in group of 50, lead by Leon Berenos and Tito Bolivar. The Tour was a part of closing of the school year of Sint Paulusschool.

San Nicolas Upset With What New Building is Coming!

We all have seen the land behind Bonaire Bar vacant for a while, then we say a wire fence going up getting ready for construction. The community was so happy & interested to find out whats coming on that property, BUT THEN they found out that it's a funeral home going to build a crematory (burning dead bodies to make ashes) the community was in shocked and kicked up against it one time. Putting in petitions to stop it stating:

- It's a residential area, you can't give that kind of service**
- Did not inform the community just started buildin**
- And much more complaints.....**
